RE: Certification of Sander & Sons Littleton, CO Plumbing Fixture Product – Solid Surface Shower Base

Per your request, we conducted the qualification of the solid surface shower base plumbing fixture product to conform to the appropriate CSA B45.5/IAPMO Z124 and ASME/ANSI A112/CSA B45.10 standards referenced in HUD/FHA Use of Materials Bulletin No. 73a and model plumbing codes. After the initial qualification inspection and the testing of a product sample selected during the qualification inspection in your plant, we determined that this product passed the qualification.

Congratulations for achieving the certification of your solid surface shower base product.

We appreciate your business and look forward to continuing to work with you. Please feel free to contact me should you have any questions.

Best Regards,
